Garden Grants
School Year 2008 – 2009

Dear Principal and School Garden Coordinators,

Master Gardeners of Buncombe County will be offering small grants of \$200 to \$800 to support school garden programs. Elementary, middle and high schools will be considered for projects implementing or continuing either in-school or after-school garden programs.

Applicants should provide insight into the garden projects you wish to develop and your plans for the sustainability of the program. If possible please include photographs of your garden space and a description of how your garden project will be implemented in the classroom.

Please mail information to:
Buncombe County Extension Master Gardeners
School Garden Grant Fund
94 Coxe Avenue
Asheville, NC 28801

Sincerely,

Linda Blue
