

# Hops Production Meeting

Wednesday November 18 from 1—5 pm  
Camp New Life at the Mountain Research Station, Waynesville, NC

**Come learn about the challenges and opportunities of growing hops, an exciting and new crop for Western NC!**

**Topics to be covered include:**

- Site selection and soil fertility requirements
- Trellising systems and cover crops
- Disease, pest and weed management
- Economics and budgets

**Current hops growers will be present to discuss their experiences!**

**Meeting fee is \$5. Payment accepted at the door. CASH ONLY!**

**Please RSVP to the Haywood County Extension Office:**
