

NCCE, Henderson County Center  
100 Jackson Park Rd  
Hendersonville, NC 28792  
(Older GPS, use 740 Glover St)

From Asheville take I-26 East to Exit 49 – B Hendersonville. Travel about 1.5 miles and turn left onto Harris Street. Continue on Harris Street through one red light until a stop sign. At the stop sign, turn left into Jackson Park. Follow the road around through the park until the 4<sup>th</sup> stop sign. Turn left onto Jackson Park Rd. The class will be held at the Extension Office, which is the one story building across from the baseball fields. Problems finding us, please call 697-4891.

## Q and A

**Q:** Are you looking for new, novel ways to track pest emergence?

**A:** Our keynote speaker, Dr. Anthony LeBude will be addressing a few novel ways to track pest emergence. This talk is one that you do not want to miss!

In addition Dr. LeBude will help lead one of the teams to look at ways to use Integrated Pest Management in the landscapes we will be evaluating.

Keep in mind that this class is for practice purposes only and not for actual implementation by the folk at the Jackson Park.

## Agenda

8:30-9:00 Registration

9:00-10:15 Anthony LeBude, NCSU, Horticulture Department, Novel Ways to Track Pest Emergence

10:15-10:30 Break/Instructions

10:30-12:00 Teams visit landscape sites to conduct site evaluations in sustainable design, management, and IPM- Supported with Extension Educators. Ideas collected during session would lead to concepts used in a practice pre-bidding information gathering.

12:00-1:00 Lunch - Provided

1:00-2:15 Teams develop presentations

2:15-2:30 Break

2:30- 3:15 Team Presentations

3:15-3:30 Evaluations and Pesticide Card Scanning

(3 hrs of pesticide credit granted in LXND)

Adjourn

Be forewarned! This class is full of activity. We will be doing quite a bit of walking outside so wear appropriate shoes and clothing!. Also be prepared to interact with others in the landscape industry and exchange ideas with your peers. This is not the typical "sit down and listen to lecture type of workshop"

Bring hand lens, pencil and pad for notes or sketching. Laptop and cameras optional!
