From Interstate 26, take Exit #40 (old exit #9.) At the end of the exit ramp turn south toward the airport onto NC Hwy 280. Go past the airport. The road will bear right. Turn right on the first road after the airport: Old Fanning Bridge Road. Cross the French Broad river and the MHCR&EC office building is at the top of the hill on the right.

NC Cooperative Extension Presents
Integrated Pest Management Workshop

NC Pesticide License recertification credits will be available in license categories GHLNODX. For more information and to register for the workshop please contact:
Amanda Stone, Buncombe County
(828) 255-5522; Amanda_Stone@ncsu.edu
Cliff Ruth, Henderson County, (828) 697-4891
North Carolina Cooperative Extension will be holding 5 classes this season on Green Industry disease, insect & weed identification and controls. Each class will teach skills needed to identify diseases, insects and weeds found in the landscape or nursery. Actual live (or dead) samples of insects, diseases & weeds will be brought to each class for hands-on teaching. Please feel free to bring in your own samples! We will discuss Integrated Pest Management approaches to controlling these pests. North Carolina Pesticide credits, GHLNODX available for each class.

No class will be the same, so come to one or come to all! The classes will be held at the Mountain Horticulture Crops Research & Extension Center, Mills River, NC.

Directions to the MHCR&EC can be found on http://www.ces.ncsu.edu/fletcher/directions.html

**Workshop Schedule**

Pesticide credits (2) available (GHLNODX), for each session. You may register to attend all or only choose to attend one.

All classes will be held from 3:00 —5:00 p.m. at the Mountain Horticulture Crops Research and Extension Center, Mills River NC

**April 28** – Disease, insect and weed identification and IPM/pesticide controls, PPE and label reading hands-on exercise, review NC Ag Chemicals Manual.
