The mission of the Western North Carolina Agricultural Options Program is to help build sustainable farming communities in our mountain region by providing resources directly to farmers who are diversifying and expanding their operations.

$3,000, $6,000 & $9,000 Individual Grants
And up to $20,000 for a Community Grant
November 22nd is the Deadline to Apply

Goals and Objectives:

- Assist tobacco farmers & those in tobacco-dependent communities to build economically sustainable enterprises.

- Minimize financial risk in crop transition by providing financial incentive to farmers selected through a competitive application process.

- Provide production, marketing & business management assistance to WNC AgOptions recipients to further support their projects.

- Offer demonstration of farm viability to the agricultural community.
