

# Equipment Rental Guidelines

- Farmers in Buncombe, Haywood, and Henderson counties are eligible to rent the equipment.
- Users are responsible for transporting the equipment and hauling trailer to and from the equipment storage location in Candler, NC.
- Users must sign a rental contract, and provide proof of insurance prior to renting.
- Equipment must be thoroughly cleaned and all soil debris removed before returning the equipment to the storage location. Cleaning fees will be charged if necessary.
- Farmers are responsible for any damage they cause to the equipment.
- Users will be billed for the number of days the equipment is used and must remit payment within 60 days. Late fees will be charged if equipment is returned after the contract date.

## Contact Us

To schedule equipment rentals, or if you have additional questions, please contact the Plasticulture Equipment Project Manager, Meghan Baker at

[meghan\\_baker@ncsu.edu](mailto:meghan_baker@ncsu.edu) or  
call 828.255.5522

This Project Is Funded By:

TVA Ag and Forestry Fund

The Buncombe County Plasticulture Equipment, which includes a Raised Bed Mulch Layer and a Water Wheel Transplanter, was purchased with grant funds made available by the TVA Ag and Forestry Fund.
