

Materials for Making Plant Vouchers:

Plant press: newspaper, cardboard layers (referred to as ventilators)

Thick blotting paper (optional)

Dried plants

Pruners/clippers/scissors for trimming plants

Newspaper or material for covering work surface

Acid-free Mounting Paper - we use 11-1/2" x16-1/2" size

Cloth tape - we use 1/2" gummed linen and cut down to size as needed

Acid-free Glue - we use Rollataq 300 Adhesive

Paint brushes for applying glue

Q-tips - helpful for wetting tape, cleaning up excess water or glue

Tweezers and/or toothpicks for handling fragile plant parts

Labels - make your own or order printed labels

Clear display sleeves/covers to seal vouchers in

Desiccant packets (optional)

Storage bins (optional)

Sources for materials:

Herbarium Supply - <https://herbariumsupply.com/> carries professional grade supplies

The Compleat Naturalist in Asheville also carries plant presses (or make your own)
